Contract Pack Use Notes

Legal Notice

This contract pack is provided as a practical business drafting aid only. It is not legal advice and is not a substitute for advice from a solicitor admitted in the relevant jurisdiction. Illuminate Studios should have these documents reviewed by an Australian solicitor before relying on them for paid client engagements.

How to Use This Pack

- Select the agreement matching the package category being sold.
- Complete every placeholder field before sending to a client, including client name, event/session date, location, selected package, total fee, booking retainer, payment due dates, delivery timeframe, and special restrictions.
- Delete clauses that do not apply to the booking, or mark them as not applicable.
- Attach the Package Schedule where the quote needs a full package comparison, or include only the selected package for a cleaner client copy.
- Use the Optional Portfolio and Marketing Release only where the client grants permission for promotional use. For children and event guests, obtain appropriate guardian or guest consent where required.
- Avoid blanket "no refund under any circumstances" language. These templates preserve Australian Consumer Law rights and frame retainers/cancellation fees around reasonable costs and lost opportunity.
- Double-check all numbers, dates, locations, delivery timeframes, and special client instructions before signature.

Documents Included

- Family Portrait Photography Agreement
- Anniversary and Couples Photography Agreement

Australian Consumer Law Position

The templates use a 10% booking retainer as the default, describe cancellation charges as linked to reasonable business costs and lost booking opportunity, and state that terms do not exclude non-excludable consumer guarantees or remedies under Australian Consumer Law.
